Re AR Brink & Associates

I have known AR Brink & Associates and its principal Allen Brink for nearly 30 years. Allen was one of the first people I met when I entered the P&I Industry as he was appointed as our South African Correspondent a few months after I joined the company.

I have personally enjoyed my relationship with Allen Brink because of his ability to train, educate and assist with our business as we all as acting proactively with the cases we have had.

Since their appointment as our Correspondent ARB have been involved in the investigation and defence of all of our highest profile casualties that have involved Southern Africa. From sinkings to fires and groundings to wreck removals we have confidence in the ability of the firm to respond to our requirements. Their early intervention has assisted us in pursuing the best possible outcome for our Insurance products across a multitude of high profile cases including the “Smart” at Richards Bay, the “APL Austria” at Port Elisabeth and the “Pongola” at Beira.

I would be happy to recommend the services of AR Brink & Associates.

Your faithfully
