To Whom It May Concern,

My name is Stuart Edmonston and I head up the Loss Prevention and Ship Inspections department at the UK P&I Club.

We have worked with A R Brink & Associates for a number of years. We regularly consult with Allen Brink and his team of expert surveyors on ship technical matters and on board condition surveys. A R Brink & Associates are our preferred ship surveyors and technical experts in South Africa and we have every confidence in their professional abilities.

Personally, I have known Allen for over 10 years, having first been introduced during my time at leading shipping law firm Holman Fenwick Willan. Allen's professionalism and attention to detail is second to none. His honest and accurate approach to business is commendable.

Yours faithfully

Stuart Edmonston
